Journal of the Alabama Academy of Science, Vol. 55, No. 4, October 1984.

INDEX

Acheta domesticus, morphological changes in the developing follicle of the house cricket. 134
Acheta domesticus, phosphorylation of the vitellogenins of 132
Adams, Cara. 211
Alabama, barriers to resource recovery development in. 227
Alabama coastline, changes in the. 158
Alabama, county business patterns for. 161
Alabama economy, the definition and nature of high technology and their implications for the. 172
Alabama, recreation development in central 163
Alabama, the luna expedition in southern 162
Allen, Robert D. 225
Alford, W. L. 170
Alkenes in a water-photolysis system, oxidation of 156
Allison, D. Lee. 188
Aminophosphonium salts, NMR (C-13 and P-31) studies of 156
AMP phosphodiesterases, immunological studies of rat liver membrane cyclic 204
AMP phosphodiesterase: regulation in 3T3-L1 fibroblasts, high affinity cyclic 195
Anderson, John P. 13
Anostraca in Alabama 245
Anthropology and I: episodes in a long career 230
Archaeology in european-creek contacts in Alabama, the 233
Artifacts from Talledega County, Alabama, late historic creek. . . . 231
Asouzu, Moore U. 155
ASP implementations, language feature analysis by. 229
Atlantic, pre-columbian contacts across the. 167
Attitude and achievement of fifth and sixth grade students in science, a comparison of instructional mode on the. 190
Aultman, William S., Jr. 199
Baboon embryo in vitro, alphafetoprotein secretion by a. 219
Baboon, embryo transfer in the 220
Backman, Carole B. 138
Ball, Mary U. 148
Ball, Raiford M. 189
Barker, Steven A. 141
Barnard, James D. 163
Barnes, Timothy E. 163
Barrett, John. 229
Barringer, Kevin J. 130
Beaton, John M. 216
Beck, Lee R. 219, 220
Beck, Mary J. 134, 138
Belk, Denton 245
Bell, Gordon, Jr. 159
Beta-thromboglobulin, platelet number as a determinant of circulation levels of 215
Beyers, Barbara. 215

Bimeria tunicata, estuarine turbidity as a positive factor in the success of the hydroid 149
Biophysical parameters of neuromuscular transmission, development of a computer measurement system for the estimation of. 225
Black college students, media preferences of 173
Black insurance companies in nineteenth century Alabama, black benevolent societies and the development of 176
Blackshear, P. 204
Blancher, Eldon C., II 225, 226
Blarina brevicauda in captivity, daily activity of 137
Bolus, David N. 202
Booker T. Washington and local politics, the legacy of 193
Bose, Swapan K. 214
Bovine brucellosis eradication program in Alabama, economic analysis of the 91
Bowen, Rebecca 215
Bowman, Wayne C. 167
Bradley, James T. 132, 134, 140
Broadus, JoAnn 211
Brock, Paul. 209
Brown, B. 214
Bryant, Don W. 219
Buckner, Ellen B. 68, 188, 197
Budgetary process of the colleges and universities in the state of Alabama, a comparative study of the. 182
Buerger, Theodore T. 135
Burchett, Thomas J. 201
Burckhalter, Robert. 164
Burnell, James R., Jr. 158
Business schools, recommended improvements in CIS curricula for southeast 175
Butler, William T. 139
Byrd, Suzanne. 208
Calcium dependent transmitter release at the frog neuromuscular junction, pharmacological intervention at two stages of 217
Callinectes sapidus, the role of branchial carbonic anhydrase in ion regulation, acid-base balance and CO_2 excretion in the euryhaline blue crab 147
Callinectes sapidus within *Spartina* marshes, foraging by 142
Calmodulin and neutrophil NAD kinase 224
Campbell, O. A. 151
Careers: a partial solution, second 184
Causey, M. Keith 131, 142, 144
Cellular proliferation kinetics using the BrdU-Hoechst technique, analysis of 153
Cercospora arachidicola to propiconazole, growth and biochemical responses of 146
Cerebral ischemic damage, pharmacological pretreatment of 202
Chambers, David E. 212
Chastain, E. D. 174
Chen, Hui-Chuan 184
Chen, Jim 175

Cheng, David C. 184
Chitwood, William 130
Chowdhury, Rishi R. 229
Chumney, Sharon 211
Clark, A. J. 201
Clark, Neil P., Sr. 190
Clendaniel, Richard A. 119
Cline, George B. 140
Cloning of (dC-dG) · (dC-dG) sequences in pBR322: size
distribution studies 212
Cocke, C. L. 168
Cody, Reynolds M. 143
Cold-stress on in vitro adrenal corticosterone secretion
in the rat, the effect of chronic 140
Collective bargaining: agreements in bankruptcy reorganization:
a matter of balancing the equities, the rejection of 177
Computer, academic libraries and the 38
Computer camp, planning and implementing a successful 13
Computer generated tests 189
Computer owners, education expense deductions for personal 185
Computers and statistics 1
Computers in scientific research, personal 18
Concession bargaining: are "give-backs" an anomaly or just
"good-ole" collective bargaining 176
Conductivity, insertion rates, separation and band spread,
electrophoresis studies with sample 146
Conservation education, Alabama's mountain ecology workshop:
a model for 47
Convergence neurons in the monkey, adaptation of 213
Copena mortuary associations with fire 232
Copper sulfide as a CdS-Cu_2S solar cell material, stability of . . . 170
Cost reduction efforts: the UA/UAW/GM case 180
Cottier, John W. 233
Cox, Michael E. 132
Craig-Schmidt, Margaret 201, 220
Crawford, Gerald L. 186
Creative thinking ability through classroom instuction, can
management students increase 171
Cr(III) nucleotides, the characterization of 157
Crowell, Larry L. 137
Culverhouse, Renee D. 186, 237
Curl, E. A. 152
Current, William L. 139, 248
Currier, Nancy R. 198
Cusic, Anne M. 106, 206
Cyproheptadinium methiodine to alter reperfusion arrhythmias in
a canine model, the inability of 212
Cytogenetics of human chromosomes, detection of inversions
by high resolution 196
Dagg, C. P. 106, 196, 206
Daigle, R. J. 226, 227, 230
Damtew, Desta 182

Daneshvar, K. 169
Dashiff, Carol J. 200
Data base design, information modeling: a new concept in 229
Davis, William B. 197, 214
Dawkins, R. P. 210, 217, 221, 225
Day, Stephen 207
DeChesnay, Mary 223
Deer activity in cotton fields, effects of extracts of human hair on 144
Deighan, John 152
DeLucia, Frank C. 167
Dengler, Louise W. 191
Dennis, John C. 134
DePaola, A. 137
DeVall, Wilbur B. 162
2,4-Diaminoquinazolines, pharmacological characterization of a series of novel 153
Diets of teenage girls, dietary fats in 201
Dilsaver, Larry M. 163
DiMicco, Wendy 210
DiMuzio, Michael T. 139
Disaster preparedness in Alabama, county support of 191
Discrimination, federal regulation of employment: what businesses should know about age, race, and sex 186, 237
DNA, ethidium monoazide binding specificity on plasmid 222
Dodgson, Jerry 130
Douglas, Vera 211
Downey, James M. 212
Drake, Albert E. 179
Drosophilia melanogaster, fitness effects of the linked mutants "ebony" and "sepia" in 148
Drug dosage calculations, the relationships between cognitive level, anxiety, math skills, and nursing students ability to solve 188
Duarte, F. J. 169
Dunmire, Daniel J. 191
Economic development, quality of life: implications for 174
Eicosanoid pathway inhitors on sodium arachidonate (AA) induced polymorphonuclear leukocyte (PMN) aggregation (AGG), the effects of several 224
Eimeria tuskegeensis (Protozoa: eimeriidae) from the cotton rat, *Sigmodon hispidus*, in cell cultures, development of . 139, 248
Endocarditis in the elderly: a diagnostic dilemma 198
Energy devices, public awareness marketing of alternate 183
Energy, lignite as a source of 162
Environmental data collection: a summary, electronic 152
Enzyme reactors for analytical applications, immobilized 155
Espy, Patricia B. 203
Essenwanger, Oskar M. 164
Ethidium and acridine derivatives, common binding specificity observed for 215
Ethidium monoazide photoproducts, isolation of 208

Expenditures, an analysis of federal off-budget 181
Farmer's market participation study, Lauderdale County, Alabama . . 186
Farmland protection, science and public policy: the AAS and 161
Farnell, Sarah Kathryn 227
Fattig, W. Donald 31
Faulk, Lynne 221
